

SÚDNA RADA
SLOVENSKEJ REPUBLIKY

Ján Mazák

President of the Judicial Council
of the Slovak Republic

Dear Ms President,

On the 15th of December 2020 I submitted to you the letter containing my statement on the Opinion of the CCJE Bureau regarding the reform of the judiciary in Slovakia.

In this statement I informed you that the Slovak member of the CCJE Mr. František Mozner “...is still under the real suspicions of an attempt to collaborate with those who are in custody for murdering Ján Kuciak and Martina Kušnírová. If you want I will provide you with details of those suspicions presenting in the Threema conversations by Monika Jankovská and Marián Kočner who is suspected to be a main coordinator of the murder of Ján Kuciak.”

I consider this part of my letter as inappropriate and unfair attack against Mr. František Mozner. For that reason I have apologised to him.

Therefore I am asking you kindly to “delete” this part of the statement concerned from the letter submitted to you on the 15th of December 2020 as unsubstantiated.

Thank you very much.

Best regard.

Ms Nina Betetto
President
Consultative Council of European Judges
